Distribution Check

Distribution Check is a complex analysis conducted for the sake of evaluation all distribution stores in which Company-Manufacturer can be represented.

Provides a possibility to check your category of product and analyze your market competitors.

Provides a possibility to analyze the key performance results of your Network by regions and particular store.

Distribution Check Evaluation

01

Evaluation of the product placement on the market

02

Evaluation of new ways of distribution

03

Control over the performance of distributors and their duties in the transfer of products to the location stores

04

Price Distribution Check - evaluation of the product price on the market

05

Analysis of the market saturation by a particular product or groups of products

Distribution Check Chain

Distribution Check will tell you where the product is distributed and can be distributed.

Company Manufacturer → Distributor → Dealer → Retailer → Client
